Board Comments

Superintendent Aguilar noted that a change was made to recognize that some changes are long-standing to the District.

Member Garcia made a motion to add language related to how the District will prioritize the use of new and on-going funds.

Specifically, to reflect that new federal and state dollars will be used to off-set the structural deficit, to use as well the on-going savings from negotiated agreements and on-going savings from non-negotiated actions. She feels that this component, that gives

also a redirection to staff and community is missing. C. H.

Behrens clarified that she is asking for a motion to amend the resolution. Member Garcia then made a motion to amend the resolution with specific language. Member Phillips seconded, and the Board discussed the amendment. The amendment passed 7-0,

language in that section was changed. Member Rhodes said that what he was asking for specifically is to change language regarding the 2% mandated reserve and solvency. Member Rhodes motioned to amend the resolution language, and Member Phillips seconded. Member Garcia said she is trying to understand what the change is trying to accomplish. Superintendent Aguilar, Ms. Ramos, and Mr. Sweitzer responded. Member Rhodes voiced his concern that the language can cause continued constriction in the future even if the fiscal outlook improves.

Vice President Murawski acknowledged Member Rhodes concern, yet stated she does not feel that would be the case. She said that while we are in a structural deficit, however, that we should not make on-going commitments. Member Rhodes would like to try to maintain the services we currently have, and Vice President Murawski agreed.

A vote was taken on the motion to amend the resolution made by

Member Rhodes. The motion was carried by a vote of 4-2-1. The following members voted in favor of the motion: Mr. Sweitzer, Ms. Ramos, and Mr. Aguilar. The following members voted against the motion: Ms. Garcia and Ms. Murawski. The following member abstained from voting: Mr. Rhodes.

Board Comments

President Pritchett commented that the Board must protect what is in front of them right now and what is to come in the future.

Vice President Murawski said she feels the specific cuts in at hand are just part of the solution and that hopefully we can solve our on-going deficit problem through 1) more on-going state and

federal dollars 2) through negotiated solutions and 3) through

cuts that will have a bigger impact on students and schools, as a last choice. She asked for more detail on what the federal funds can cover. Ms. Ramos answered that the connection to use of CARES funding is for mitigating the spread of the virus or

adoption of a new budget, we think that it would be wise to see how the state budget continues to look in terms of the potential for additional funding for universal preschool. Vice President Murawski asked if there is a 60 day layoff notice on those positions. Chief Human Resources Officer Cancy McArn said that will depend on which staff is noticed as classified required 60 days

notice while certificated has a deadline of March 15. Vice President Murawski said that she feels that she did not fully

overall operation of those programs and the accessibility to all students; she feels it opens major equity issues.

Member Rhodes said happy Black History Month. He said also it was great to hear one public speaker's comments on music in school, and he shared some of his own school memories of learning a song in Spanish. He said he would like to see

breakdown. Member Garcia asked if this recommendation is subject to a deadline. The answer was no. Member Garcia would

like to see if this item can come back to the Board after more information is obtained. She also commented that, through community messages, none of these recommendations should move forward because the District is poised to receive additional funds. But unfortunately the additional funds are not enough to address the on-going structural deficit. She noted that this is not the end of a conversation, but the beginning, and that they must use the process in place so that the conversation can continue and staff

can be given direction. Member Garcia reminded that the cuts being discussed may still not be enough and that this is not the final discussion on this matter.

Member Rhodes brought up Ms. Lofing's comment that 100 percent of students in IB would be impacted negatively, and he feels that she gave sufficient information about IB testing. He feels that tonight could be the end of the conversation for the IB programs. He reminded that he has a motion on the table to

remove the IB testing.

Vice President Murawski said she would not second the motion but wanted to take the same idea of taking IB and AP fees off the table. She moved to move forward with the proposed cuts, but amending by excluding the line item of GATE, paying for IB and AP tests, and elementary sports. She went back to what she started with at

would have zero access to IB because the tests would not be subsidized by the District. She also said this could be looked at for elementary sports, but does not know what would be the best way to proceed tonight, i.e., to approve the recommendation to cut, but

Student Member Sheikh said, because of the GATE item, he could not support this. However, he had the same thought as Member Garcia's during the presentation, which is within GATE and IB,

Murawski's concerns regarding stigma that may be introduced
