Redistricting: the redrawing of election district boundaries.

- No Changes Needed – Trustee Areas still have relatively equal population and are within less than a 10% deviation
- Some Changes Needed – Trustee Areas need a slight adjustment of Census Blocks between Trustee Areas. New map needs to be approved by the school board.
- Implement New Maps – Trustee Areas have a greater than 10% deviation and need new maps drawn and approved by the school board.

Census Data by Trustee Area including Racial/Ethnic details

Current Boundaries 2% 3% 4% 5% 6% 7%

This report shows the current trustee boundary areas for the School Board and the statistics based
