- f Black/African American Advisory Board- Last night, B/AAAB approved seven new members. There will be a welcoming event for the new members at Serna. On the heels of the Black History Month resolution from last month, they hope to further partner with the District and include staff in their space to figure out how to best work together to get the remaining recommendations implemented wholeheartedly.

- f Community Schools Advisory Committee- The committee is making progress. Last night, they came up with draft bylaws, so they will be finalizing and voting on that, so they're ready for the next meeting. On Tuesday, there are interviews for the Community Schools Training Specialist position. Hoping to move forward with the 18 school principals and site reps trained, so they can get going, and hopefully by the end of the year, hiring the Site Community Schools Training Specialist.

- f Native American Parent Committee- The committee voiced their concern on the liability insurance and asked the Board to find a solution to prevent them from not using their elders to carry on their traditions. The committee invited the Board and community to the mural unveiling at Miwok Middle School on Saturday, March 30th at 10am.

Board Comment:
Member Rhodes asked what should we be doing to better identify students who should be reclassified earlier.
Member Rhodes is interested in seeing data broken do

by school site and area. In regard to page 11, Member Rhodes wanted to know what are the academic supports to help interrupt the numbers and what is currently being done. Also, Member Rhodes wanted to know how staff is engaging with families. Member Rhodes asked how it has been building up our DELAC/ELAC on the ground floor. Member Pritchett shared that she liked the infographics, and asked if they are provided in different languages for parents. Member Pritchett shared that she was disturbed by the case study on slide 22, and wanted to know what we could be doing better.

Member Villawanted to know when we look at the data and identify a student, how often are staff following up?

Member Phillips wanted to know if there is any consideration for African American vernacular English being a language that can be utilized to increase progress for students.

Member Segura wanted to know, when it comes to gathering data, is it primarily by standardized testing? Member Segura shared that ~~times~~ standardized tests don't directly reflect a student's ability within a classroom and performance, and wanted to know if there were any other processes in place for tracking active progress.

Board Comment:

Member Kayatta thanked Ms. Marking for her work as well as for her transparency and insight. Member Kayatta would like to make a motion that we approve the second interim financial report with a positive certification rather than a qualified certification.

Member Villa shared that as Board members, they do not do the staff's work, and they should not be telling staff how to do their job. When staff brings the Board recommendations, she believes it is coming from true information that staff work so hard on every day.

Member Singh thinks it is possible to be both. Member Singh shared that we have great staff, but they also have assets on the Board and appreciates Member Kayatta, who brings this amazing lens.

Member Phillips asked what is a solid time for a certification to actually matter, if we are talking about pushing a positive certification based on principle.

Member Kayatta shared that what he is recommending is based on facts that he understands about our budget situation. This is not about the principle, which is important. Member Kayatta truly believes that the Distri

has a positive budget certification currently. Member Kayatta shared that the Board has information that they are allowed to consider on the Ed Code, that's not necessarily appropriate for staff to consider ~~with~~ their recommendation.

Member Pritchett is worried that we're looking at it as we're putting up a veil of people looking in, which worries her a bit. Member Pritchett asked Ms. Marking, when you wrote down a qualified certification, how come you didn't put positive certification instead?

Member Kayatta made a motion to approve the ~~2023-~~

on.
