Comment I fully support Board Member Murawski's resolution that focuses on how to stop the spread of Covid-19 in our community, so that we can safely re-open schools with confidence, and without the worry that we might have to shut down schools again because of another surge in cases. The focus should be on containment, not on a "rush to re-open."

Comment:	I support this resolution. Distance learning is not sufficient. We need to safely get our children back to school.
