State Superintendent Thurmond that it would be inappropriate for him to be involved in our negotiations with SCTA and we believe it is critical for those negotiations to begin immediately. The District does not believe that the dispute concerning how to use savings achieved by a switch to health care plans if/when such are achieved should prevent the parties in moving forward with negotiations for a successor contract. First, there have been no changes to health plans and thus no savings from such

Nevertheless, while the grievance SCTA filed on June 4, 2019 concerning health plan savings is proceeding, the District will hold the projected savings from the HealthNet premium market reduction (offset by Kaiser's increased premium), in trust in order to allow for the conclusion of the process. Were it ultimately determined that such funds should go back to the bargaining unit, we would

Re District Response to SCTA Letter and Agreement to Continue Discussions
with SCTA to Avert a Strike

Dear Mr. Fisher, Ms. Milevsky, and Mr. Borsos

Thank you for [your letter of April 4, 2019](#) following up on the [District's April 2, 2019 letter](#) offering to continue discussions with SCTA leaders to avert a strike. We agree with SCTA leaders that a "fiscal summit" is a necessary and important step in

Student Board Member

As stated in our April 2, 2019 letter, we remain committed to continuing discussions on the District's budget as well as the District's practices with SCTA leaders in an effort to avoid a strike. To that end, we would like to ask if you would be willing to revisit our offer to meet with SCTA representatives on April 8, 2019, along with a mediator from the State Mediation and Conciliation Service and appropriate District staff, to review the District's budget projections, address any questions that exist, discuss any areas that may be available for savings, and evaluate whether there are any ideas proposed by SCTA leaders that could be, but have not yet, been implemented.

I acknowledge that in an effort to avoid a strike in 2017, the District and SCTA leaders

this practice and move our District forward in a way that benefits all stakeholders, most

Dear Mr. Fisher:

Thank you for your letter dated February 20, 2019 regarding SCTA's position on commencing negotiations on a successor (2019-22) contract. The District has been asking SCTA to agree to commence bargaining on the successor contract since November 2018. We were hopeful that after SCTA presented its initial proposals for negotiations at our February 7, 2019 Board of Education Meeting, that this process would finally begin. However, your letter appears to once again delay our negotiations process.

Response to Specific Allegations

In your letter, you repeat claims that I have caused strain in the District's relationship with SCTA by backtracking on the framework agreement signed in November 2107. I disagree with your claims that I backtracked on the framework agreement reached with Mayor Steinberg in November 2017. As you know, we have implemented all of the agreements memorialized in our tentative agreement, including:

- The 7.5% salary increase for all SCTA members;
- Awarding of unlimited experience credit;
- Athletic Director Stipends

We have also attempted to implement the provisions of the framework agreement related to school calendar. We have reiterated the District's commitment to adjust the certificated employee salary schedule consistent with the District's agreement to a maximum district expenditure of 3.5%. Given SCTA's different understanding of that agreement, we requested

Re: Health Plan Savings

Dear Mr. Fisher:

The District is pleased to learn that SCTA wishes to engage in “immediate discussions ... to consider potential health plan savings,” as stated in your letter of November 1, 2018. The District has been seeking SCTA’s cooperation in order to come to an agreement on health plan costs savings for quite some time.

Contrary to the version of events described in your letter, it has been SCTA who has delayed the effectuation of the health plan costs savings that were agreed to in Article 13.1.1 of the tentative agreement ratified on December 7, 2017. As with previous communications, the November 1, 2018, SCTA letter again leads with the position that the Salary Schedule Structure proposed by SCTA must be implemented at any and all

Letter to David Fisher
